NEW LENOX AND INJURED RIDERUncle Sam Breaks
Up Winning Trio

Upon his enlistment in the Air Corps, Tom Dejanovich, of Tinley Park, part owner of a stock car, broke up a winning combination. Bud Keuch, the other owner, is a neighbor and friend of Tom's. The car is a 1940 Ford, built by Tom and Bud at Bixler's garage, in Frankfort. They also did all their reconditioning work there. The driver of the car and third member of the trio, is Ted Reimer of Oak Forest.

Ted had been driving the car, marked "54" in weekly races at Schererville and Gary, Ind. Bud and Tom repaired all the damage after 50 races. Ted drove in about 50 races. He won two semi-finals and placed in so many others in his two seasons of driving, he doesn't remember how many. He has had two rolls without injury in "54."

All of the boys are graduates of Thornton High school, and one night over hamburgers and malts found that they had a common interest in stock car racing. Up until the time Tom entered the Air Corps he worked in a machine shop. Bud is a bricklayer and Ted, a lineman for Illinois Bell Telephone Co.

Tom is temporarily stationed in Texas, and as yet, has no mailing address.

Rev. H. E. Rompel,
In Ministry For
56 Years, Retires

A farewell party was given in the Orland Park Methodist church last Thursday evening, when over 100 members and friends gathered to bid farewell to their beloved pastor, and wife, Rev. and Mrs. Henry E. Rompel, who have served them for the past eight years.

Rev. Rompel, the former being placed on the inactive list moved to 1217 North Liberty street, Morris, Ill., where they will make their future home.

At the gathering a pot luck supper was served at 6:30, with impromptu program of expressions of thankfulness being given. Stewart Loebe, Sunday school superintendent presented, on behalf of the Rompels many friends a purse.

Rev. Rompel was born in Kentucky and entered the ministry in 1895, having served in the ministry continuous for 56 years. He was the first chaplain in this country to be commissioned from Washington when he was so commissioned during World War I, and served overseas.

He has served many large churches during his ministry, one of which was Joliet. Shortly before World War II he was retired from the ministry, but because of the shortage of ministers during that time, he offered his services again and it was at that time that he was appointed to the Orland church.

Rev. Rompel was lovingly called "Dad" because of his helpfulness to the boys in service. He also had an outstanding record in Boy Scout work.

Two years before the movement started in this country, he organized a group of boys while he was stationed at Ottawa, and led them in Scout work. He had a book from England from which he got his ideas and direction. He was in the Scout work for 42 years and is a member of the national executive board. He received the Beaver award for outstanding service in his communities and the much coveted Silver Antelope award six of which are given in one year in this country.

Rev. Rompel represented the Pokagon Trail council at the national jamboree at Valley Forge two years ago, and is an officer in the International Rotary service clubs.

Mrs. Rompel, who was born in Pekin, was active in church work and was a deaconess before her marriage with Rev. Rompel over 50 years ago. They were privileged to celebrate their golden wedding anniversary in Orland Park a few years ago.

Mrs. Rompel was an interested worker in the Women's missionary society, the Women's Society of Christian Service and the Methodist Youth Fellowship, all whom will miss her inspiring presence. She had a pleasing knack with arranging flowers and was always called upon to do that task, either on the altar or elsewhere. All who were in contact with her came to love her greatly and will miss her helping hand.

Their many friends wish them much happiness in their new home.

Rev. and Mrs. Rompel were loath to leave the Orland people and church with which they have labored these many years and that feeling prevailed at the farewell party.

Children under three are not generous, don't know how to share or take turns. Such lessons are learned gradually and with help of understanding parents, say Childcraft books.

A high tension power pole was snapped off at New Lenox Tuesday which put the village out of power and lights for several hours.

Wendell Schooler, 39, of 631 Union street, Chicago Heights, was driving east with a '48 Studebaker pickup truck at 12:30 and as he was making the curve near the camp grounds, skidded and ran into the pole which is in front of the Lewis Pelkey home on route 30. The pavement was wet following the rain.

John Craig, 406 Oneida street, Joliet, riding with Schooler was seriously injured and was taken to Silver Cross hospital. It is thought he received a broken pelvis and a punctured liver.

Lt. Gilbert Knater of the state police, answered the call to the accident.

The Public Service company immediately had their crew of men on hand repairing and replacing the pole and service.

MOKENA PASTOR
IN AUTO MISHAP

As Rev. William Riemann, pastor of St. John Evangelical and Reformed church at Mokena was returning from the Women's Guild conference at Chicago Heights last Friday afternoon he figured in an accident.

Riding with him in his car were Mrs. George Bisgrove, Mrs. Ed. Schmidt, Mrs. Eugene Hinspeter and Mrs. Arthur Kule. They were returning home and were in front of a Coca Cola delivery truck, a short distance west of Harlem avenue on route 30, when another car behind the truck started to pass them both. The driver of the passing car, a soldier from New Jersey, having passed the truck, saw a car coming in his direction and in order not to run into a head-on collision, squeezed between the truck and the Riemann car, side-swiping the latter car and knocking it off the pavement. Fortunately, the shoulder was level and without a ditch.

The impact blew a tire on the Riemann car, which hit several fence posts along the right of way. No one was injured, although Mrs. Bisgrove's glasses were broken, Mrs. Schmidt received a cut lip and all were shocked.

The car was towed to the Cooper & Hostert garage in Mokena where it is being repaired.

OR TREATS EVENT FOR CHILDRENBlue Cross Hosp.
Plan Open to Sol.
Final Date Nov. 5

Monday, November 5, has been Will county rural and small town residents may enroll in the Blue Cross Plan for Hospital Care and the Blue Shield Medical-Surgical Plan, according to Mrs. Earl Keniston, Manhattan, president of the Will County Health Improvement Association, which is sponsoring the enrollment.

Membership in the Blue Shield Medical-Surgical Plan has never before been available to residents of the county who are not employed in industrial or professional groups. This Plan provides liberal allowances toward the doctor's bill for medical and surgical care, and is available to present Blue Cross members through the HIA as well as those who join Blue Cross during the enrollment.

Blue Cross members receive all basic and most of the special services available in Plan hospitals, without dollar limits for up to 30 days in each calendar year, and at half cost for an additional 90 days in the same year.

Those eligible to join Blue Cross and Blue Shield through the HIA are all residents who are self-employed, retired or work in a group of less than 5 persons in towns of under 5,000 population. Unmarried children under 19 years of age may also be included in the family membership and will be eligible to receive the same broad protection as the parents.

Mrs. Keniston pointed out that persons who enroll now will not be billed for their membership until December, and emphasized that no money is being collected now or will be accepted during the enrollment period.

"At no time in history have hospital admissions been greater than they are today," Mrs. Keniston said. "New drugs, new types of operations and the new methods used today for care and treatment more often require the special facilities available in hospitals and the skilled services of a doctor. We of the HIA are sponsoring this enrollment in order that those who cannot otherwise qualify for membership in Blue Cross and Blue Shield will be able to enjoy this two-fold protection."

From where I sit... by Joe Marsh

Guess They Felt Pretty "Sheepish"

My wife and I went to Central City Saturday for the football game and it was a top-notch. But I began to wonder if it was worth the trouble when we got in a traffic jam coming home.

Traffic makes me mighty impatient. When I came to a side road that seemed to point towards the main highway, I turned onto it. This road bumps along for maybe a mile, then fetches up short by the railroad—a dead end.

So, I turned around and darned if there weren't twenty cars behind me! One driver had followed

—figuring I knew a short cut—then a whole string of them swung after him, like sheep.

From where I sit, there's no sense in just "following along." Whether it's choosing a road, a movie star, or what beverage to drink at meal time, it's always better to make your own decisions. Personally, I often like a glass of beer with my dinner, but most of all, I like the freedom of making up my own mind about it!

Court Hearing Begins on Associated Developers Petition

(CNS) Declaring "this is just the kind of a thing that has all the earmarks of something not just right," Federal Judge J. Sam Perry on Friday ordered an immediate hearing, starting October 8, on an involuntary bankruptcy petition asking appointment of a receiver for the Associated Developers Inc., 111 West Jackson boulevard.

The petition was filed by five Negro home seekers who invested from \$1,395 to \$1,750 for lots in the past 18 months but have been unable to get deeds to their lots, as well as promises about paying and sewers being unkept, Attorney Joseph Kadison told the court. The lots are in the Bel-Air Park subdivision northeast of 155th and Kedzie, in the village of Markham.

Joseph F. Arman, 1062 Bryn Mawr avenue, president of the subdivider, appeared with Attorney Theodore Kahn and State Senator Edward Saltiel (31st), who showed Judge Perry a letter dated July 13, 1951, from Anthony A. Olis, president of the Sanitary district, saying a sewer would be put through as soon as 25 homes were started.

Declaring that appointment of a receiver would destroy the chance of any of the 400 lot owners to get a construction loan, Attorney Kahn said the company was not insolvent because it had \$658,000 in assets, including \$38,000 accounts receivable and the rest largely land, compared to \$378,953 in liabilities, including \$308,500 needed to finish improvements on the lots. This does not include "profits" to be made on sale of 200 lots remaining, he said.

Since its organization in 1945, the subdivider has collected \$489,829 and disbursed \$520,592, of which he estimated \$400,000 "went into improvements." Of the 600 lots 75 now have all improvements and anyone desiring can switch his lot to this group within 48 hours, the lawyer said.

Albert K. Branch, 9549 Harvard avenue, a former mailman and president of the Bel-Air Park Property Owners League, told the court the subdivider "has taken advantage of us and tried to put us against each other while a shovel has not been put to the ground since 1947."

"John S. Boyle was our attorney before he was state's attorney and he had Armen and other indicted," said Branch. "Then after he was state's attorney he had the case nolle prosequere. They have been living off us since 1945. We're here because we can't get justice anywhere else."

Warren B. Harrison, 306 East 43rd street, a photographer and vice-president of the property owners' group, declared that "we as Negroes should have redress so we can alleviate our people's living in homes with no floors and rats biting their children."

Questioned by the judge, Arman blamed the group for most of his troubles but said he had tried to get homes built. He admitted a "half dozen foundations" in 1947 were the extent of home building, and that one carpenter was now planning to put up one model house for him. Macadam topping still needed for roads will cost \$9,500 for 200 lots he admitted.

"There's too much of this type of building going on," said Judge Perry. "But I want a full hearing and see every side. Once I had a trial before a jury and kept a nice-looking apple on the table but turned it around to show a rotten spot when the opposition ended. Pending the hearing, I'll extend the injunction to prevent forfeiting any of the lot owners rights in the meantime."

Outside of court, Arman said

the indictment against him and other officers was dropped in January, 1949, after an audit showed nothing criminal. A \$600,000 civil suit was also dropped.

Building Permits

(CNS)—Permits to erect the following homes in unincorporated areas of southwest Cook county were issued last week by A. J. Mullins, director of the county building and zoning bureau:

BREMEN TOWNSHIP: One story brick on 171st place near Parkside avenue, to Fabio Fabbri, 1729 Maple road, Homewood, \$15,000; one story frame on Kedvale avenue near 163rd street, to Best Built, 4440 West North avenue, Chicago, \$12,500; one story frame on 167th street near Central Park, to Arthur Schrader, route 1, Harvey, \$7,600; one story brick on Stone road near Central avenue, to Elvin Styx, 9650 South Green street, Chicago, \$18,000; and one story brick on Harlem near 182nd street, to Grover Elmore, 100 North LaSalle street, Chicago, \$15,750.

NO BIGGER THAN A MAN'S HAND NOW---

No Censorship For Us!

The Presidential order permitting civilian Federal agencies to mark documents "top secret" is an instance of the well-intentioned type of blundering that leads to totalitarianism.

The first fruit of the order was an announcement that anything which embarrasses the OPS is "security information"—not to be published. The OPS announcement was rescinded, but it points up one of the dangers of censorship.

The President says he issued the secrecy order because newspapers and magazines had published 95% of the nation's secrets. But reporters at Mr. Truman's press conference showed him that these so-called "secrets" had been handed out by agencies already authorized to prevent publication.

This points up another basic fact—that governmental agencies are only too eager to publicize anything creditable to themselves or favorable to their propaganda purposes. If an agency wishes to give itself a pat on the back, or to scare the public, it seeks publicity. On the other hand if information tends to discredit the bureaucrats, the tendency is to mark it "top secret" on the ground that publication would advertise weakness.

Guarding essential secrets is a difficult task—not to be accomplished by giving every petty bureaucrat the right to set up censorship.

Will County HIA Sponsors Blue Cross Enrollment

A special enrollment in the Blue Cross Plan for Hospital Care and the Blue Shield Medical-Surgical Plan for Will county rural and small town residents will be held from October 22 through November 5, according

to Mrs. Earl Keniston, president of the Will County Health Improvement Association, which is sponsoring the enrollment.

Blue Cross provides hospital care and Blue Shield provides generous allowances which often pay a large part, and sometimes all, of the doctor's fee.

Enrollment "kick off" meeting dates have been scheduled for three towns before the enrollment gets underway; October 15 in Joliet, Farm Bureau conference room; October 16, in Peotone town hall and October 17 in Wilmington Methodist church at 8:00 p.m.

These meetings will be held for the purpose of acquainting volunteer workers with the comparatively new Blue Shield Plan and give them necessary supplies for enrolling friends and neighbors. All chairmen and volunteer workers are urged to attend this meeting. Refreshments will be served.

To be eligible for membership in Blue Cross and Blue Shield, a person must be retired, self employed or working in groups of less than five employees in towns of under 5,000.

"Just Been Thinkin'"

Grief is a garden from which all the flowers have fled. It is an empty place possessing only the vestiges of uprooted joys and vacant rows of what used to be. By the sorrowful experiences of others we have come to know how the garden can be restored, at least in a measure, to its former glory. Starting over again, we must turn from the trouble at hand and find a solace in

FILLING THE FURROWS

You can fill in the furrows
Left deep in your heart
By the plowshare of life
Which has cut it apart—
You can temper your wounds
With a wonder and worth
Like the lonely but loving,
Benevolent earth—
Seal the scars of your heart
With some effort or skill
Just as soil covers seeds
On the lowland or hill—
Fill the furrows with something
Of service or art,
And new life shall blossom
And nourish your heart!

Reclassification of Married Nonfathers To Start Immediately

Reclassification of married non-
fathers will be started immedi-
ately by Selective Service local
boards throughout the State, it
was announced today by Colonel
Paul G. Armstrong, Illinois Se-
lective Service Director. The or-
der carries out a provision of the
1951 amendments to the Univer-
sal Military Training and Ser-
vice Act passed by the Congress
which makes men with wives
only ineligible for dependency
deferment except in cases where
extreme hardship would result.

Colonel Armstrong pointed out
that many married men have be-
come fathers during the past
two years, but have failed to
notify their local boards. It is
their individual responsibility to
notify their boards immediately,
he warned, or face reclassifica-
tion to Class I-A. Those avail-
able for service will be process-
ed at once, with the older men
going to the top of the induction
list in accordance with Selective
Service law.

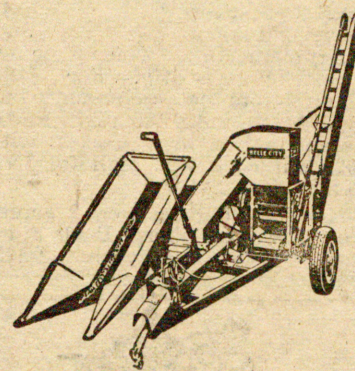

Men with children will be de-
ferred, Colonel Armstrong said,
if they furnish their local board
with a birth certificate, or in the
case of an unborn child, a doc-
tor's affidavit stating that a child
has been conceived. However,
this evidence must be submitted
before the board issues an order
to report for induction. Once
the induction order has been
mailed, it will be too late to pre-
sent evidence of parenthood, be-
cause the local board has no
authority to reopen the case or
withdraw the man from induc-
tion.

When a man is deferred on
the basis of an affidavit of preg-
nancy and his wife later loses
the child, he is required by law
to notify his local board within
10 days. He then becomes sub-
ject to reclassification by the
board.

Colonel Armstrong pointed out
that any man who is granted a
deferment remains liable for
military service until he is 35.
He declared that it is impossible
to tell how many married non-
fathers will be inducted in Illi-
nois until the local boards com-
plete their reclassification.

EVERETT MITCHELL

Farm Commentator, heard Monday,
Wednesday and Friday, 6:15-6:45 a. m. on
WMAQ, Chicago, 670 on your dial.

WELL, the last day has ar-
rived at great. What was a
dream six months ago has now be-
come a reality! We are taking off on
the first leg of a 21,000 mile trip by
air to cover the European farm
front. As we board our T.W.A. Con-
stellation we are deeply conscious
that our journey is not a sight-see-
ing jaunt but a serious mission—a
mission that can mean much to
folks in town and on the farm if we
live up to the purpose of the trip
and gather the information we are
after.

The excitement is over, good-
byes are said and they have closed
the cabin door. Our first stop is
Gander, Newfoundland. There goes
the number one motor—now num-
ber two, there's three and now
number four, all working perfectly.
I think I have a lump in my throat
as we taxi down the runway. Now
we're in the air and off on the first
leg of our journey.

I can't help but think how beau-
tiful this land of ours is as we pick
up speed and climb above the clouds.
Now we've reached 18,000 feet and
are cruising at close to 300 miles an
hour with a tailwind which is in our
favor. Seasoned travelers are set-
tling back in their seats, some al-
ready sleeping, as the powerful mo-
tors drive on in perfect rhythm.
Just had a long agricultural chat
with my three buddies and I think
I see some food coming.

Next you will hear from me from
Frankfurt, Germany, our first Euro-
pean stop. Keep me in mind, friends
in town and on the farm. I'll need
your kind thoughts.
